## LITTLE WAR NEWS YET \*

### Mediators Are Trying to Settle Matters Without Further Bloodshed

Washington, May 1.—Restrained, but not the less ready preparation for any military eventuality that may become necessary, and the quiet but definite progress of the mediation process being worked out behind closed doors, these were the two outstanding features of the Mexican situation here to day.

The three mediation envoys of Argentina, Brazil and Chile continued their private sittings thru the day and evening. Their first move for an armistice was succeeded by the practical suspension of hostilities, or a truce, between the forces of the United States and the Huerta regime, altho there were still ominous sounds of conflict between the Huerta and Carranza forces.

Secretary Bryan formally notified the three South American envoys that the American Government took it for granted that there would be no hostilities during the mediation proceedings, and had no further acts of aggression while the conferences were held.

But the attitude of Huerta and Carranza on the cessation of hostilities was still unknown today. While there had been no period set within which the negotiations must be concluded, Secretary Bryan said today he believed they would move forward "as rapidly as possible." A report that they might be prolonged by the mediators going to Mexico, was met by the statement by one of them that in these days of the telegraph and cable such a journey was unnecessary as they had every facility for speedy communication with Mexico.

While the envoys were not yet ready to make any announcement, several interesting phases of what has come up during the discussion were learned from authoritative sources. It appears that while the attitude of Gen. Huerta was definite in accepting intermediation, as between the United States and the Huerta government, it has not yet been made clear that his acceptance will apply also to intermediation which includes Carranza. It is expected this question will be cleared up by inquiries now under way.

### DEACON HOSKINS ORDAINED

#### Impressive Ceremonies at Hustonville Baptist Church—West End News

Hustonville, Ky., May 1. A large audience attended the ordination at the Baptist church last Sunday afternoon at which time, J. W. Hoskins was ordained as a Deacon of this county, to Miss Payne, of Fayette county, which will be read with much interest by the many friends and loved ones of the groom at his home:

The marriage of Miss Sue Haggan Payne, of Payne's Depot, to Mr. Joseph Turner Carpenter, of Lincoln county, was celebrated last evening at 8 o'clock at Bethel church, the Rev. James T. Smith, Jr., officiating. As the guests assembled Mr. Bruce Reynolds' orchestra played a program of music.

The little church had decorations of palms, pink and white sweet peas and lilies, arranged with exquisite taste. The altar was pyramidized with long stemmed white lilies and Cathedral candles. The windows were draped with smilax and the chandeliers were festooned with green completing a perfect setting for the wedding scene.

At the first notes from the Bridal Chorus from Lohengrin, the procession entered the church up the center aisle. First came Miss Laura Carpenter, of Lincoln county, sister of the bridegroom, and Mrs. Robert Piatt, of Payne's Depot; Miss Eloise Harvey, of Harriman, Tenn., and Mr. Hamilton Payne, of Payne's Depot; Miss Elizabeth Carpenter, of Lincoln county, sister of the bridegroom, and Mr. Rufus Lish. Then came the maid of honor, Miss Nancy Payne and following her, the little flower girls, Misses Elizabeth Thompson and Elizabeth Steele, who wore dainty white chiffon and lace dresses. One with a pink satin sash and the other, pale blue and they carried baskets tied with bows and filled with pink rose petals which they strewed the path of the bride, who came alone. In the right hand aisle, as the time came, the bridegroom with his best man, his brother, Mr. Brian Carpenter, of Dayton, O. The couple joined before the waiting minister for the ceremony. There was set music during the responses and after the prayer and blessing Mendelssohn's Wedding March sounded joyfully and the party left down the center aisle.

The wedding colors were pink and blue and were carried out in exquisite taste, the bridal party forming a beautiful picture before the altar of green.

The bride is one of the county's charming girls and never lovelier than when seen in her bridal gown of white chameuse and lace. Her tulie veil encircling her was caught in her hair with orange blossoms and she carried a shower of white roses and valley lilies.

The maid of honor and Miss Elizabeth Carpenter were lovely in pink chiffon and taffeta with bouquets of pink roses tied with ribbons and Miss Laura Carpenter and Miss Harvey were beautifully gowned in pale blue chiffon and taffeta and carried pink roses.

After congratulations and showers of good wishes for the happy couple they left for a trip of several weeks and will then go to housekeeping at the bridegroom's beautiful country place "Bonneycastle" in Lincoln county.

The bride is the oldest of several charming daughters of Mr. and Mrs. Samuel H. Payne. She is pretty and attractive and loved by all her friends.

Mr. Carpenter is a son of Mr. and Mrs. Adam Carpenter, of Lincoln county. He is very widely known and highly esteemed by all who know him. The wedding was one of the beautiful society events of April and of much interest on account of the prominence of both families and the popularity of the young couple. They were remembered with many handsome gifts in silver, cut glass, mahogany, etc., which numbered into the hundreds. The bridegroom's parents, Mr. and Mrs. Adam Carpenter, his grandmother, Mrs. A. G. Turn of Lincoln county, and Mr. and Mrs. Robert Salter and daughter, Elizabeth Salter, of Danville, all attended the wedding.

The bride is the oldest of several charming daughters of Mr. and Mrs. Samuel H. Payne. She is pretty and attractive and loved by all her friends.

Mr. August Bartels went over to Lexington last week.

P. E. Parrish was severely kicked on the leg by a fractious mare. He came very near sustaining a broken limb.

Quincy Naylor had a good horse to ride Tuesday.

Little Miss Iva Thompson has been quite ill of measles.

Mrs. Ivan Foley has been complaining.

Rev. H. Baird, the pastor of the M. E. Church, is painting the parsonage.

Mrs. R. F. Jordan, of Pineville, has been a guest of her son, W. E. Jordan and family.

Mr. and Mrs. Burch Hester, of near Stanford, visited Mr. and Mrs. D. M. Anderson.

Services at the Baptist church Saturday night, and Sunday.

Miss Emma Bell was struck in the eye with a bat at school and has had a bad eye.

Mr. William Barnes conducted religious services at Jerry Arnold's Saturday night. On the following night he held services at Levi Bell's.

Matthew Riggs is complaining.

Mrs. Grace Gill has a painful felon which is giving her much trouble.

John Richardson has a caw which has given birth to four ewe lambs in six and one-half months. This can be proven by men of undoubted veracity. Stockmen consider this quite unusual.

Mr. Richardson had a good mare to get its leg broken by being kicked while in the ploy, by the other horse.

Mrs. J. J. Thompson spent a week at Mt. Vernon with her aged father, Mr. H. H. Baker who is ill. She herself was taken suddenly sick and had to be brought home. Dr. E. J. Brown was called and the services of a trained nurse secured. The good woman is some better today and her many friends hope for a speedy recovery to health.

### PAYNE—CARPENTER

#### Lincoln County Young Man Weds Popular and Attractive Fayette Girl

Services at the Baptist church Saturday night, and Sunday.

Miss Emma Bell was struck in the eye with a bat at school and has had a bad eye.

Mrs. Fredricka, Mrs. King's Mountain, came down Saturday, and organized a missionary society at this place.

Miss Elsie Singleton came home from Danville Saturday, where she was visiting Mrs. Durward Singleton.

Mr. Alfred Baker, another sturdy pioneer, is holding his own nicely. He makes most any young man ashamed of being idle, as he goes about his work, and does as much work every day as the average farmer. He is still living at the old Will F. Stephenson home all alone, preferring this way of living, more than any one else. He attends to his chickens, pigs and household affairs and finds time to cultivate a crop of some kind each year.

More about the old folks in my next letter.

### May 3d Is Sunday School Day

The Kentucky Sunday School Association, which includes all of the Sunday schools of the State—over 4,000 in number, with an enrollment of nearly half a million people—has selected Sunday, May 3, as "Go-to-Sunday School Day" with an effort to secure one million people in Sunday school on that day. In connecting with the plan, Gov. McCreary has issued a proclamation calling upon all people in Kentucky to attend the Sunday school in the church of their choice on that day.

President Wilson also has commended the effort in the following telegram:

The White House, Washington, April 29, 1914.

To Rev. George A. Joplin, General Secretary, Kentucky Sunday School Association, Louisville, Ky.

In response to your telegram in regard to the "Go-to-Sunday-School-Day" in Kentucky, I am glad to send you the following sentiment from the President:

No study is more important to the child than the study of the Bible and of the truths it teaches, and there is not a more effective agency for such study than the Sunday school. It certainly is one of the greatest factors in our lives in the building of character and the development of moral fibre, for its influence begins almost as soon as the child is able to talk, and continues throughout life. ### DON'T OVERLOOK THIS

A Careful Persuasion Will Prove Its Value To Every Stanford Reader

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptical. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Stanford reader.

John Wren, 1 Main St., Stanford, Ky., says: "Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. There was also a too frequent desire to pass the kidney secretions both day and night. Doan's Kidney Pills relieved me and have never failed to benefit me since when I have taken them."

Mr. John Wren is one of the many Stanford people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you don't simply ask for a kidney remedy—ask distinctively for Doan's Kidney Pills, the same that Mr. Wren had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Dept. Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

### ALBIA

Mr. Harry Anderson departed this life Monday, April 20. His illness was of a long duration.

Andy Gooch is working for Mr. A. C. Munroe at King's Mountain.

Mr. A. C. Munroe is very ill.

Mr. Logan Estes is convalescing. Mrs. Mary Parson and daughter, of Oklahoma, are visiting Mr. Logan Estes.

Mr. Will Bastin and family, of Waynesburg, are visiting Mr. Elmer Woods.

The Sunday school recently organized at Oak Grove church is progressing nicely.

Rev. Lancaster, and family of Terre Haute, Ind., are moving to this country. They came to this place in a wagon.

Estes & Co., recently organized, are doing a fine business in this vicinity.

Mr. Dave Chamberlain is planning for a large crop this year.

### A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion fits the requirements of the body before making itself a blood-forming property and tends to throw off sickness by building health from its very source, and health is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

Bleucher 46158, record, trial 2.14 3-4, half in 1-06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clayo by the great Futurity sire Moko. A grand combination of two of the best race horse families of the present day. He is being a real race horse himself, having had very little training and most of that by an amateur. It certainly looks like this horse is of Grand Circuit caliber, and if given half a chance he will win his share of the money sure.

BLEUCHER is a perfect type of road horse, good gaited with perfect manners, wears no boots or weights. He has an undefeated record in the Stallion Road Class for 1913, and is conceded by good judges to be the best road horse out this year.

This is a good opportunity for Garrard and adjoining counties to breed into the best families of the trotting blood. Look this horse's breeding over and see how many they have in the list both sires and dams. This great trotting stallion will make the season of 1914 at my stable in Lancaster, Kentucky.

**Money in Hemp in Kentucky**

"With hemp seed at \$5 a bushel, and a yield of anywhere from ten to twelve bushels to the acre," says Prof. H. L. Garman, of State University, "there certainly ought to be money in the crop."

Prof. Garman, who has charge of the Department of Entomology and Botany of the Experiment Station, went on to say that "when some one crop becomes the fashion in a farming community, every farmer feels a sort of impulse coming from this condition of things and is more or less disposed to follow the crowd. The more unstable he is, the more quickly he is influenced by the general trend of farming going on about him, the more disposed to turn his attention to what seems to be a certain and easy way to make money."

Growing tobacco has of late become the fashion in Kentucky—too much the fashion. It is having not good effect on our soils, already deficient in vegetable matter, and in some places lacking other desirable ingredients. The man who has the nerve to withstand the general tendency turn back on tobacco and grow crops not grown by everybody about him ought to be able to make more money in the next ten years than can come from tobacco, and by doing so will certainly take less from his land and find it in better condition in the end.

"Kentucky has been the great hemp-growing State of the Union. She still produces a good deal of the hemp seed sold in the United States, but is not supplying the demand by many thousands of bushels. She could profitably plant several times the acreage she will put in hemp this spring."

"The fact that the demand for seed is insistent and comes from various States and from outside the country, shows that there is still money in the fiber crop for some one. There is certainly money in the seed at \$5 per bushel, and an importer who has recently brought four thousand bushels of seed from Germany will make a snug sum which should have gone into the pockets of Kentucky growers."

"Every bushel of good hemp seed now in the hands of farmers ought to be planted for seed this spring. We can grow the best seed produced in the country. There should be no difficulty in selling at a good price all the seed we can produce."

**Ward Doing a Great Work**

"Every man, woman and child in Kentucky who is in love with life and fond of 'God's great out-of-doors,' owes an eternal debt of gratitude to J. Quincy Ward, of Bourbon county, said the Lexington Leader Sunday.

"He who multiplies the fishes in the streams, the birds in the woods and the deer in the forests is as great a benefactor of his race as the man who makes two blades of grass grow where only one blade grew before."

"With Mr. Ward this is surely a labor of love, for certainly there is no money and less joy in struggling with the obstacles which have beset his pathway since he first entered upon the task of making the rivers and the fields of old Kentucky once more a delight to all lovers of nature."

"And in protecting the fish and the game from the murderous assaults of the pot hunter, no less than in the work of replenishing the supply, has Mr. Ward and his county wardens increased the debt of gratitude resting upon the genuine sportsman."

"There is no land on earth more favorable than Kentucky for the propagation of fish and game. ## HEARD ABOUT TOWN

**Gov. Beckham speaks in Stanford, May 9th, at 1 o'clock. Don't fail to hear him.**

W. W. Hays went to Lexington this morning after a new Overland car for M. S. Baughman.

Dave Anderson, of Preachersville, purchased this week of M. S. Baughman an Overland automobile. Mr. Baughman is the agent for this popular car in this district.

An election will be held for school trustee in Stanford Saturday for a three year term. Both men and women are entitled to vote which is done via voice. The election is for a successor to G. L. Fenny, whose term has expired.

J. W. Bastin, of Nelson county was here and at Pittsburg on business last week. He tells us of Mrs. Bastin breaking one bone in her right forearm, while cranking their automobile in Lexington, the Sunday before.—London Sentinel.

Hubert Carpenter has taken the local agency for the famous Maxwell automobile and makes his announcement to local car buyers in a large ad. in this issue. Mr. Carpenter knows the value of printer's ink and with the class of car he is handling, is going to make the other agents hereabouts sit up and take notice.

Clarence Engazi, the popular Streitman biscuit salesman was here selling his goods to the trade this week. Clarence, who is a pretty lively wire in every way, and always tries to keep things of the day, says that he hears little talk of the Seatorium race in his rounds as everybody seems to think Beckham has it won hands down.

Reports come from Rowland that N. W. Fowle, the well known coal man, saw the famous belled buzzard pass over the little city field days ago. It is said to have circled over Rowland coming from the south, and after making almost a complete circle, sped off to the north. One authority says that the appearance of the belled buzzard is a certain portent of good crops. So mote it be.

Dr. T. W. Pennington, who has been suffering with nervous disorder for several weeks which has caused swelling in his hands and feet, will leave next week for St. Augustine, Fla., for a complete rest for a week or ten days. His many friends hope to see him completely restored to health in less time than that. While he is away, Mrs. Pennington and the baby will be with her sister, Mrs. Rodman Keen in Harrodsburg.

Mrs. I. M. Holloway, and little daughter, Frances, of Chattanooga, Tenn., is the guest of her sister, Mrs. John Bright, Jr.

Mrs. George Robinson and Mrs. R. Cook, of Lancaster, were here on Thursday boosting the excursion to Frankfort, given under the auspices of the Woman's Club of Lancaster.

Charley Carson and Robert Fenzel, Jr., of Liberty, and Robert Fenzel, Sr., of Hustonville, were here Wednesday to the burial of Winfred Portman.

The date of the marriage of Miss Corrine Penny, of Danville, and R. M. Fisher, of this place, has been set for Saturday evening, June 6th, at the Catholic church in Danville.

Mr. and Mrs. J. M. Cross and Mr. and Mrs. Dave Anderson and family motored to Frankfort today in their Overland cars they have recently purchased from M. S. Baughman. Mr. and Mrs. T. W. Jones accompanied Mr. and Mrs. Cross.

Mr. E. C. Walton, of the Reporter Star, accompanied by his daughter, Miss Lucy Lee Walton, spent a part of yesterday afternoon in Kissimmee. It was their first trip to the pretty little town, and the evening delightfully passed at the home of Mr. and Mrs. F. E. Cummins, formerly of Stanford, Ky.—Orlando Reporter-Star.

**Gov. Beckham speaks in Stanford, May 9th, at 1 o'clock. Don't fail to hear him.**

**SAUFLEY**

The farmers of this section are very busy about their crops.

Rev. Green of Stanford, filled his regular appointment at the Logan's Creek church Sunday afternoon.

The Sunday school of Logan's Creek is progressing nicely.

Mrs. Carl Floyd, of Middletown, O., spent a few days with friends and relatives here.

Misses Ora and Ada Floyd were the guests of Misses Jennie and Sarah Sampson.

Miss Ruth Fields spent the day with Miss Elizabeth Lowell Sunday.

There will be prayer meeting at the Fairview Baptist church at Hall's Gap Saturday night. Everybody is invited especially the members of the church are requested to be present to attend to some business and everybody else who are interested are invited. There will be Sunday school at 2:30 o'clock Sunday afternoon. A large crowd is expected.

**The Greatest Kidney Remedy on Earth," Says a Grateful Woman**

I want to tell you how much good your Swamp Root did me. About four years ago, I suffered from what the doctors called fistula, and for two years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicines without receiving any help. Someone told me about Dr. Kilmer's Swamp Root.

After giving it a thorough trial, I received relief, so keep on with it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp Root and it always straightens me out. I honestly believe that this medicine would cure all those you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp Root is one of the greatest medicines on earth.

Respectfully yours,

MRS. JNO. BAILEY.

## SMOTHERING SPELLS

## Sour Stomach, Heart Burn

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hopes of ever being any better."

"But one day some one threw some books in at my door. I read them and found them to be Peruna books.

"They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice.

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve."

"When I had taken eight I was like a new person. That was nine weeks ago."

"I think Peruna the greatest family remedy there is, for so many ailments are due to catarrhal trouble. I would advise any one afflicted with catarrh to take Peruna and I am sure it will leave."

In the Revised "Life of Life" we have many similar testimonials which should interest sick people everywhere. Sent free by the Peruna Co.

**People who object to liquid medicines can now obtain Peruna Tablets.**

**M.T. MORIAH**

Elder J. A. Karr filled his regular appointment at the Christian church Sunday.

Alvin Gooch was at Bee Lick last week.

Miss Orithia Warfield will arrive home Sunday, after a protracted visit in Louisville.

James Bastin and son, Teddy, spent a few days at Pittsburg, last week the guest of his sister, Mrs. Barbara Evans.

R. L. Johnson bought a horse, at Waynesburg for \$165.

Mr. and Mrs. Burton Spiers visited Mr. and Mrs. Gooch at King's Mountain Sunday.

Mrs. J. D. Bastin has been quite sick.

Deputy Sheriff W. S. Drye took the square rank in the local K. P. lodge Thursday night while C. H. Carter was elevated to the rank of knight. A big bunch of the boys turned out to see the coat work and from what they say he took Drye's anger along with him.

Supt. Moore, of the Pythian Widows and Orphans' Home at Lexington, was present and made the lodge a fine talk on the great work which is being done by this department of the great and good order of Pythians.

**PARNSVILLE**

Miss Ethel Westerfield is with relatives and friends at Perryville.

Mr. and Mrs. H. A. Westerfield are with Mr. and Mrs. Frank Penn at Gray-Swift.

Mr. and Mrs. Fred Douglas, of Casey County, are visiting Mr. and Mrs. B. Allnut.

Mr. and Mrs. A. W. Bourne, of London, Ky., were recent guests of Mr. and Mrs. I. W. Spires.

Mr. Ray Clarkson, of the Rolling Fork section, spent Sunday with his cousin, Mr. Hobart Spires.

Mr. C. M. Tucker was summoned as a jurymen in the Federal court at Richmond and left for that place.

Prof. Jack Wilson, who has been at Livingston, Ky., for the past nine months, is now visiting his friend, Mr. H. O. Cozatt.

Mr. and Mrs. Louis Miko, of Louisville, spent the weekend with Mr. and Mrs. H. O. Cozatt. Mr. Miko is a noted musician of his home city.

Messrs. A. A. Johnson and sons are some of our most progressive farmers. They have planted about forty acres of their corn crop.

Mr. and Mrs. H. S. Glasscock, of Lebanon Junction, who have been visiting Mr. and Mrs. L. C. Rose, have come to Perryville for a few days stay with relatives at that place.

Mr. W. H. Overstreet, one of the faithful and trusted employees of the L. & N., at Rowland, spent Sunday afternoon and evening with Mr. and Mrs. Walter M. Bower.

Mr. J. A. Westerfield has about recovered from a violent attack of acute indigestion. Although Mr. Westerfield was ill only about ten days, he lost thirty-eight pounds in weight.

Mr. A. C. Berry, of Lebanon, was up to see his children, Master Douglas and Miss Nellie Berry last Sunday. Mr. Berry came up in his car and is certainly one of the most accommodating drivers that comes to this town. Free rides were the order of the entire day.

Misses Hazel Rawlings, Ada Parrow and Louella Brown, a trio of pretty girls of the younger set, were the guests of Mrs. H. M. Pittman, and Mrs. Lynn Penny, of Perryville, last week, and attended the musical and closing exercises of the Perryville High School on Wednesday and Thursday evenings.

**HIGH SCHOOL NOTES**

Five games have been played by the grade ball league. The series will continue until school is out and so it is impossible to tell yet which will be the winner. Seventh is ahead so far. The following score is the result of the games already played:

Grade	Won	Lost	Per cent
7	3	0	1000
4 and 5	1	1	.500
8	1	2	.333
6	0	2	

A contest was held here Friday preliminary to the intercollegiate meet to be held at Lexington May 8. All the schools close to Stanford belong to one district of which Stanford is the district center. Adams was the only one which seemed interested in the contest. Mr. Julian Riffe represented them in declamation. The subject of his piece was "Prohibition and Personal Liberties." Mr. Clinton Coleman represented Stanford, his subject was "The Arenas Scene from Qiao Vania."

The judges were Dr. Early and Mr. Logan Hughes. Mr. Coleman won and will represent this district next week at Lexington.

Prof. Wilson left Tuesday night to attend the regular annual meeting of K. E. A. Held at Louisville. He will be away the rest of the week.

The ball game to be played with Hintonville last Saturday had to be called off on account of the weather but will be played later.

The Mozart recital given in the school building Wednesday afternoon was quite a success. There were a number of visitors and they were much pleased with the week. The high school and eighth grade and all music pupils in the banding were permitted to attend. The following program was presented exceedingly well.

Piano—Menett, Mozart—Frances Embry, Pattie Perkins, Lettie Walker McKinney.

President's Address—Matty Grimes.

Roll Call—Response with Thoughts about Mozart.

Secretary's Report—Jean Paxton.

Piano—Mazurka, Bohm—Eva Rankin

Stanford, Ky., May 1, 1914.

Gentlemen:—Your check in full payment of my claim for sickness filed with you a few days ago received, for which accept my thanks. The settlement was promptly and satisfactorily made direct with you, and I did not have to wait on the payment as is usually the case with Accident and Health policies.

If I can speak a good word for you any time I shall be glad to do so, as every one should have one of your good policies. It is the best I ever saw.

Very truly yours,

J. H. BUSTLE

**Here is the "Biggest"****Automobile in the World****Maxwell \$750****5-Passenger 25 H.P.  
Touring Car****Extravagant Assertion?****Let's Analyze It!**

WHO WAS the "biggest general in the world? Napoleon, he conquered Europe—and he was five-feet-three!

WHO WAS the "biggest" statesman in the world? Bismarck, he built the German Empire—and he was six-feet-four.

SO YOU SEE MERE SIZE DOESN'T determine who nor what is biggest.

WE MAINTAIN that the biggest automobile in the world is the one that does the biggest things—and does bigger things than a bigger car can do at the same cost.

AND THAT CONFERS THE TITLE on the Maxwell "25," which sells

\$750, and which, though, of ample capacity for carrying five full grown adults anywhere any car will go, yet weighs only 1,650 pounds.

THIS CAR CANNOT BE CALLED either small or large—in inches. It is neither Napoleon nor a Bismarck in physical proportions—but is a combination of both in efficiency and—in competition.

IT IS THE MOST FORMIDABLE rival other cars have ever encountered.

ITS CONQUESTS have embraced the territory formerly held by both the very cheap, and the overly large, underly-efficient cars, selling for \$1,000 and more.

IT CONQUERS because it meets the needs and the ideas of the majority of informed buyers. It appeals at the same time to the logic of common sense and the sense of the beautiful.

ITS BEAUTY is shown in looks and in performances—handsome is as does—and handsome as is.

THE BUYER WHO must take a peep into the purse before buying, here finds a car within his reach and made to his heart's desire.

ON THE OTHER HAND, the buyer who is easily able to pay the first cost, but whose experience has taught him to look still more closely into maintenance cost afterward, finds in this, 1,650-pound, five-passenger car the one he has been looking for—because it will do all any 2,600-pound car will do—and more—and at half the upkeep cost—or less.

COST OF UPKEEP increases as the square of the weight, the tire makers tell us. And Standard Oil dividends confirm the statement.

CUT THE WEIGHT IN TWO and you divide the upkeep price by four!

Get that it's the kernel.

BUT WE'RE A NATION of aristocrats—no matter how we protest we're democratic, we are aristocrats. Every American deems himself of the Royal line. We have pride, plus—more per capita than any other people in the world.

AND SO IT HAPPENS that your American demands more than mere utility in the car he buys—he wants style as well as size.

A FEW YEARS AGO a lot of misguided persons had a brilliant idea. They maintained that the "farmer's car" had not yet been built.

WHEN ASKED TO SPECIFY, they said the farmer's car should look like a farm wagon or dump cart—or some other familiar vehicle.

SO THEY MADE A FEW of those ridiculous, high-wheeled, air-cooled "putt-putters," and gleefully invited the farmer to come and see.

FARMERS DIDN'T COME—they were too busy inspecting the latest improvements in real automobiles. So the high-wheeler soon went out of business.

THAT PROMPTED US one day to make a little investigation and to compile a few statistics—and what do you think?

WE found that contrary to the prevalent supposition—the best markets for second-hand cars were not what the blase call the "backwoods and the prairies," but Broadway and 42nd, New York, and Michigan Avenue, north of 30th and south of Congress, Chicago.

"ALL THE RUBES LIVE ON MANHATTAN," once said a famous showman. That was more than half true—the other 49 per cent, are

portioned out to Chicago and other large centers. There live the four-flushers, the Johnny-speeders and the remittance boys.

TO GET RID OF FREAKS—the outfit—there is your market. But to up-to-date farmers of the East, West and South you cannot sell any but the latest model, made by a responsible concern—not to the business men living outside the carabon zones of the big cities.

AND SO in designing this car we set as our standard a car not only of the highest utility, efficiency and economy, but of style and beauty as well. Because this car must appeal to those who know—business men and successful farmers—who have pride plus—and are entitled to it.

SEVEN HUNDRED AND FIFTY DOLLARS is a lot of money to a lot of people—and we designed this car to meet the needs and demands of a lot of people.

HAVE TO MAKE A LOT of them, to make them at all, at the price. THOSE PEOPLE HAVE TO EXPECT, in the car they buy, something of which they may be proud, as well as one that will perform the service.

THAT WAS NO EASY TASK. In fact it was—it had proven to be an impossible task to other makers, other designers.

JUST CONSIDER FOR A MOMENT. It's child's play to design and make a \$5,000 car. Mechanically the latter presents no problem at all—for the engineer can use any material and as many pounds as he pleases to achieve his results—the buyer of such a car will not only pay the price but pay the "freight" also—the tire and other maintenance bills.

THAT'S CHILD'S PLAY as compared with the task set our engineers and metallurgists—to design a touring car of ample capacity to take five full grown adults anywhere, over any roads, in comfort;

SO STRONG it will withstand the usage and neglect such a car receives at the hands of the average owner who drives—but hasn't time or inclination to care for it himself.

SO LIGHT that the tire bills and the maintenance cost will, like the purchase price, be within the reach of that "lot" of people who insist an automobile should be an economy, not an extravagance;

AND FINALLY of external design to conform to the current mode of "streamline body," and finished and upholstered so that the wife and daughters will be just as proud of the appearance as the owner of its performance.

THERE WAS A TASK to test the skill and the experience and knowledge of the best corps of engineers, and the learning of the best metallurgists known to this industry.

AND THIS \$750 MAXWELL IS THE RESULT. HAS IT OCCURRED TO YOU that in the entire history of this industry this is the first time that feat has been accomplished? Well it is.

AND WE CONTEND it is still impossible to any other concern—any other organization.

WE WERE FORTUNATELY SITUATED—
